Sheriff Pat Garrett

PRESS RELEASE

UPDATE – Radar Found Safe

At about 5:30 this morning, a neighbor found Radar and called the Sheriff's Office. He found Radar in his yard and brought him into his house. Radar is being reunited with his handler and is in good health.

The Sheriff's Office thanks the media for spreading the news. We also thank the alert neighbor and the searchers that helped bring Radar home safe.

Sheriff's Office Searches for Missing Sheriff's K9

October 19, 2016 - There is a Washington County Sheriff's K9 missing north of Manning in a heavily wooded area.

This evening, a North Plains Police Officer attempted to stop a car that ultimately led him on a high speed chase. The driver drove to a secluded part of NW Green Mountain Road, bailed out of the car and ran into the woods.

Washington County Sheriff's Deputies responded to the area and began assisting in the search along with Sheriff's K9, Radar. During the search, Radar's leash became entangled in some brush. When the handler unhooked the leash to untangle him, Radar bolted into the woods. Radar is a Two year-old brown Belgian Malinois wearing a Sheriff's Office harness as depicted in the photo.

The suspect remains at large. There is an intense search underway to find Radar. The Sheriff's Office asks that anyone who sees Radar, not to approach him and please call 911 immediately.
