PRESS RELEASE

Sheriff's Office Provides Enhanced DUII Patrols

January 19, 2017--Sheriff's Deputies will continue extra DUII patrols on Washington County roadways to enhance safety during the month of January.

The Washington County Sheriff's Office would like everyone to have a safe and enjoyable traveling experience and encourages people to drive sober. The Sheriff's Office will be providing extra DUII patrols focused on impaired driving from January 20, 2017 through January 31, 2017 in anticipation of several National Championship sporting events. The Sheriff's Office has zero tolerance for impaired drivers that continue to place themselves and others in harms way.

These extra patrols are funded by a grant obtained through the Oregon Department of Transportation and administered by the Oregon State Sheriff's Association. The goal is to stop impaired drivers on the roads, reduce crashes and save lives. The Washington County Sheriff's Office reminds people to designate a sober driver before the celebrations begin.

This is one of several sponsored traffic safety missions. The results will be provided at the conclusion of this extended traffic safety mission.

The Washington County Sheriff's Office reminds drivers to "Save a Life, Drive Sober."
